The estimated damages from the June flood was \$72,000, there is no FEMA funds available for this expense. We will receive some state money; we pay all up front and then receive 75% back.

Paul suspended all road maintenance until we see where we stand with the flood damage and the budget.

We will continue to do mowing.

Dan Hansen representing the Christian church community approached the board to discuss the flood damage in their area and asked if there was anything we could do to help. It was suggested they talk to some of the big farmers in the area who have done that cleanup in their fields.

Chairman report:

Route to recovery funds, Paul said we have the money available might as well use it or we will lose it. We are looking at other options for the money.

Next meeting scheduled for September 14, 2020.

Being no other business the meeting was adjourned, motion by Anderson/Miller second.
