Five (5) guests were present.

Approval of agenda, Miller/ Weidling

Minutes from Dec. 1st, 2025, reviewed and approved with no changes. Weidling/Benson

Meeting started at 6:00 – 7:30 with St Croix County representatives for input of the Comprehensive Plan that will be updated.

Requests from the Public for Agenda

No requests from public.

Planning Commission Discussion

Paul started the discussion on intervening on the Xcel Solar Farm. Participation was welcomed by the guests. The main goal would be to have the project removed completely from Hammond Township. Discussed the Kinnickinnic Watershed and effects. We discussed topics of concern and tried to rate importance. To be effective we would need to focus on four to five main topics. After much discussion it was determined to draw on the attorney's knowledge, Paul will contact the attorney and determine the best topics for intervening. Discussed that Xcel has not yet filed with the PSC. Monitoring will continue to see if Xcel files.

Planning to work on reviewing language of ordinances and start on Fire Inspector ordinance. Paul will meet with the Fire Inspector for details to be addressed in the ordinance, such as inspections and re-inspection and associated citations.
